

## National Public Safety Educator Forum 2021 Virtual Conference July 13-14, 2021

We are reaching out to you today on behalf of the National Public Safety Educator Forum (NPEF) to ask for assistance for our upcoming virtual conference July 13th and 14th, 2021.

NPEF brings together public safety educators from a variety of police, fire, EMS, and 9-1-1 agencies from across the United States and Canada to network and learn how to make their community outreach programs successful and cost-effective. NPEF is the nation's only conference designed specifically for public safety educators. Our group currently has a membership of more than 2,000 public safety education professionals. We are expecting 250 – 400 attendees this year!

Your support is of great benefit to NPEF and its members. NPEF is especially proud to be able to keep our conference fees at \$200, which is one of the lowest rates available compared to many other conferences offered in the public safety arena. Since we will be virtual this year, it will be even more affordable and only cost \$30 per person!

In honor of your sponsorship, NPEF will display and share your company's name and logo at all appropriate opportunities including on the NPEF website as well as in NPEF newsletters and e-blasts. Your name and logo will also be posted on the virtual platform for the attendees to see, and click a link that directs them to your information/site.

Public education regarding topics such as Text-to-911, Kari's Law, NG9-1-1, the appropriate use of 9-1-1, and fire and life safety are crucial in every community because these programs bring awareness and, ultimately, save lives. We look forward to hearing back from you soon. If you need more information or have further questions, please do not hesitate to reach out for more clarification.

Thank you for your time,

National Public Safety Educators Forum (NPEF)
